A Note From Jen...

We love what we do and put our whole heart into making fresh balsam fir Christmas wreaths. We've been doing this for 20 years and we love our customers. We do our very best to ship the freshest wreaths and provide you great customer service. We look forward to serving you.

3 IMPORTANT THINGS

1. With only a 1,000 square foot shop we CANNOT ship everyone's wreaths Thanksgiving week. Northern Climate customers need to consider delivery in mid-November.
2. We input each address exactly the way you provide it. If your wreath is returned or needs to be re-routed, we will pass on the up to \$22 fee we receive from UPS/Fed-Ex/Spree-Dee + the \$14 on-call pick up fee if the package needs to be retrieved by a driver.
3. The above discounts are the only discounts. Minnesota's increasingly difficult business climate has made it extremely hard to stay open. With NEVV mandated employee sick leave taxes, our Native American friends who pick the balsam needing more money, our employees needing more per hour, the pinecones going up in price... You get the problem. Sadly the prices have increased this year. There's nothing else to do but raise the prices or go out of business.. We are not putting these increases in our own pocket. Your purchase gives so many of our RURAL friends and neighbors extremely needed jobs. High school kids work hard and buy their first cars, single moms find flexible hours; please know your purchase has a huge compounding impact on so many great people in the MN Northwoods.
