Notes:

SALES MATERIALS

All Sales Materials Can Be Downloaded Directly From:

<http://www.jenswreaths.com/fundraising>

If you experience any difficulties please contact us immediately.

We are getting away from mailing flyers and e-mailing the flyers to help keep our costs to a minimum so you can have an affordable wreath program with great profit potential.

PROFIT POTENTIAL

Be sure you fully understand that you as a club/organization choose your own retail price. Having personally sold wreaths door to door in college, I would highly recommend marking them up at least \$10 for a solid ten dollar profit per item.

EXAMPLE – BULK SHIP (Bulk Ship is when all items are shipped in 1 shipment directly to you/the club to pass out to customers.)

Let's Say you choose this price for
your club to sell your wreaths at
24" Traditional Wreath - Your Retail + \$30.00

Let's say you live in Oklahoma (see the Blue Zone 3)...
Look at the (Bulk) Shipping & Pricing page
The cost to your group is: - \$19.50

TOTAL PROFIT ----- \$10.50 per item

EXAMPLE – DROP SHIP (Remember Drop Ship is when are mailing each individual wreath directly to each customer.)

Let's Say you choose this price for
your club to sell your wreaths at
24" Traditional Wreath - Your Retail + \$46.00

Look at the (Drop) Shipping & Pricing page
The cost to your group is: - \$39.00

TOTAL PROFIT ----- \$7.00 per item
