Notes:

SALES MATERIALS

All Sales Materials Can Be Downloaded Directly From:

<http://www.jenswreaths.com/fundraising>

If you experience any difficulties please contact us immediately.

We are getting away from mailing flyers and e-mailing the flyers to help keep our costs to a minimum so you can have an affordable wreath program with great profit potential.

PROFIT POTENTIAL – 2022 Updated Example

Be sure you fully understand that you as a club/organization choose your own retail price. Having personally sold wreaths door to door in college, I would highly recommend marking them up at least \$10 for a solid ten dollar profit per item.

EXAMPLE – BULK SHIP (Bulk Ship is when all items are shipped in 1 shipment directly to you/the club to pass out to customers.)

Let's Say you choose this price for
your club to sell your wreaths at
24" Traditional Wreath - Your Retail + _____ \$36.00

Let's say you live in Oklahoma (see the Purple Zone 3)...
Look at the (Bulk) Shipping & Pricing page
The cost to your group is: - _____ \$26.00

TOTAL PROFIT ----- \$10.00 per item

****NEW THIS YEAR** You must order by the case, so you'd have to order Qty. 6 of these wreaths or there is a \$5 surcharge for any items not part of a case. Factor this into your planning & pricing!**

EXAMPLE – DROP SHIP (Remember Drop Ship is when are mailing each individual wreath directly to each customer. There is NO CASE SIZE requirement for Drop Ship!)

Let's Say you choose this price for
your club to sell your wreaths at
24" Traditional Wreath - Your Retail + _____ \$51.00

Look at the (Drop) Shipping & Pricing page
The cost to your group is: - _____ \$44.00

TOTAL PROFIT ----- \$7.00 per item
